Letter no 14497 dated 16th Janry 1936 from the Registrar of the University of Mysore.

Raises a number of points pertaining to the preparation of electoral rolls and conduct of elections of the R.A & L.C and solicits orders of Govt. on them.

1) The issues raised by the University are the following:-

1) Grant of general exemption to all the electors of the University from the operation of the clause relating to "birth or domicile and residence in the state for a period of six months prior to the preparation of the electoral roll" amongst disqualifications. At present, there is provision for exemption being obtained in special cases. A graduate gets himself registered in order to possess a link with the University and exercise such privileges as voting etc. ~~The only practical effect of registration~~ To insist on a registered graduate residing outside the state to obtain exemption is to inflict some additional restriction on him. In the case of the University, the elector must be a British subject and have a place of residence in India. If recommended by the Registrar, a general exemption may perhaps be granted — it being made compulsory that the elector must have a place of residence in India. This issue relates to both R.A and L.C and rules 36 (R.A) and 27 (L.C) ~~require amendment~~ should remain independent

and unqualified by rule 15 (R.A) and rule 11 (B.L). Rule 18 (R.A) has to be amended by the omission of the first proviso.

2) The second point raised relates to the practice of sending copies of ~~issued~~ electoral rolls to all members of the Senate and registered graduates. Under Rules 37 (R.A) and 27 (B.L), copies of the roll are to be sent to the electors who are residing outside the State. Though the practice may not be objectionable, it is ~~opposed~~ not warranted by the rules and seems to be unnecessary. In Madras, the practice is to keep copies of the roll (preliminary or final) for inspection and sale in the office of the Registrar. Hence it seems desirable that the ~~rule~~ practice should be ~~reframed~~ given up.

3) Prescription of rules for the revision of electoral rolls and the appointment of a revising authority in respect of B.L electoral rolls forms the subject matter of the third suggestion. When the electoral roll consisted only of 'fellows', there was perhaps no necessity for the appointment of a revising authority and all particulars about 'fellows' were in the archives of the University. But when the franchise was extended to "registered graduates of seven years' standing", there seems to be a necessity for providing rules similar to those of R.A. A set of rules following the Madras model has been prepared and put up. They may

perhaps be adopted both for R.A and B.B.

4) As regards candidature application forms, a form has already been prescribed for adoption by the rural and urban constituencies. Read with rule (85) R.A and 61 (B.B), the form already prescribed is meant for use by the University also. No separate orders seem to be necessary on this point. The Registrar may, as suggested by him, keep a stock of printed forms and supply them on requisition.--

5) The abolition of the system of voting in person in the Mysore City and before the Registrar has been suggested with a view to have one uniform process of voting in the University Constituency.— postal voting. The Registrar has merely stated a single reason as convenience. In Madras, the University is one of those constituencies in which postal voting is compulsory. The adoption of this system will avoid automatically several inconveniences experienced during the last election, such as the City elector being absent from station on duty or otherwise, thus being unable to exercise his franchise etc. If this suggestion is accepted, both the R.A and B.B. rules will require revision.

6) The appointment of a returning officer for the University Constituency in respect of voters residing in the City of Bangalore — which is the second large centre in the State which has to do a large number of voters, has been urged if the adoption of the postal voting system for the entire Constituency is not acceptable to Govt. The suggestion seems reasonable

and may perhaps be adopted - - - - - -

7) The seventh reference is about the cumbersomeness of the procedure now being adopted in the mufassil by the resident electors who have been following the details of postal voting. (This practice is not warranted by the rules) A declaration paper is necessary only in postal voting. The procedure to be followed in case of recording of votes in person is as in Rules 67 (R.A.) and 43 (R.B.). The Registrar may be informed, if postal voting is not adopted in its entirety, that it is not necessary to continue the present practice.

8) The last reference is about the voter who is a mufassilite residing outside the State and who is in receipt of voting paper being unable to record his vote ~~there being~~ no officer contemplated in rules 91 (1) R.A. and 78 (1) R.B. being available for this. As suggested by the Registrar, the voter residing outside the State may be permitted to record his vote before a magistrate. The above rules will require amendments.

9) Except the small difference in the qualification of electors and the amount of deposit, the same rules for the preparation of electoral rolls and conduct of elections may be prescribed both for the Assembly and the Council

of rules, on the model of the Madras University rules, has been prepared and put for approval or other orders.

10) The proposed rules not only meet all the points raised by the University but also amplify our rules both in respect of R.A. & L.C. on a uniform basis. It is for orders whether only the points raised by the University may be dealt with or this opportunity taken to revise our rules relating to the University in a comprehensive way on the model of the Madras L.C. Rules.

12.2.36

11) The Registrar of the University has raised certain points relating to the electoral rolls for the conduct of election from the University constituency to the Rep. Assembly and the Legis. Council:

12) 1) The electors in the University constituency are the Fellows of the University and the registered graduates. One of the general qualificiations under both the R.A. and L.C. rules is that an elector should be a subject of His Highness by birth or domicile and have resided in the Mysore State for six months prior to the preparation of the electoral roll. It is pointed out by the Registrar that some registered graduates who are Mysoreans and also members of the Senate are resident outside Mysore and also some members on the University staff who go on long leave return less than six months prior to the preparation of the electoral roll. Thus these could not have the qualifications of six months' residence. The proviso to rule 11 of the L.C. rules and rule 15 of the R.A. rules empower the Govt. to grant exemption from the operation of this qualification in special cases. The Registrar suggests that exemption under this proviso may be granted to electors on the University constituency. The exemtption proposed may

NOTE—Contn. Sheet.

be granted. Rule 27 of the L.C. and rule 31 of the R.A. contemplate cases of voters to the University constituency residing outside the State.

13) 2) It is stated that copies of the electoral roll are being sent to all members of the Senate and the regd. graduates though under the rules they have to be sent only to those who are resident outside the State. There is no objection to the present practice.

14) 3) For election to the R.A., rules 36-46 provide for preparation of the electoral roll, raising of claims and objections, for revising authority deciding them and so on. In the L.C. rules there are no such provisions. Rule 27 of the L.C. merely states that the Registrar shall prepare a roll of all Fellows & graduates of not less than 7 years' standing. There is no provision for claims and objections being made or for a revising authority deciding them. This seems to be an omission in the L.C. rules. Originally only the Fellows of the University were entitled to vote in the election to the L.C. Consequently, no special rules were required for the preparation of an electoral roll. But subsequently as regd. graduates also were given the right of voting, it is desirable that detailed rules for the preparation of electoral rolls as in the R.A. be provided for the L.C. also.

15) 4) The Registrar suggests that candidature application forms may be prescribed for candidates

in the University constituency. Candidature application forms have been prescribed for the rural constituencies, under rule 32 (1) L.C., and rule 52 (2) R.A. As the rules relating to conduct of elections in rural constituencies apply as far as may be practicable to other constituencies also, the same forms are deemed to be prescribed for the University constituency and they may be adopted.

16) 5) According to the rules voters in the City of Mysore have to go to the University office and vote in person before the Registrar while voters outside the Mysore city are allowed to avail themselves of the system of postal voting or voting in person before the Registrar. The Registrar suggests that postal voting may be permitted in respect of all voters to the University constituency who are residing in the city of Mysore or outside. Since all the electors of this constituency are educated and can be expected to observe the rules regarding postal voting, the voters including those resident in Mysore, may be allowed to vote either by post or in person before the Registrar at their option. ~~Even~~ Those who vote before the Registrar could take the voting papers supplied to them by post and deliver them to the Registrar. In view of this, paragraphs 7 & 8 of the Registrar's letter which contain alternative suggestions do not require consideration.

17) 6) The procedure in regard to recording of vote under the system of postal voting is that an elector should record his vote before an Amildar, Dy.

Deputy Amildar, Taluk Sheristedar, Sub Registrar or any other polling officer and deliver the voting paper to such polling officer who will forward it to the returning officer for the constituency concerned. The Registrar points out that it entails a difficulty in regard to persons who are residing outside the Mysore State. In Madras, the procedure in regard to postal voting is that the voter records his vote on the voting paper and sends it by regd. post to the returning officer so as to reach him not later than a particular date. This is the system that is followed in regard to elections to the Senate, etc., in our University. It is desirable that the same procedure is followed, namely sending the voting paper by regd. post to the returning officer in the case of postal voting for the University constituency, in which all electors are educated and understand the rules.

18) If the foregoing points are approved, steps will be taken to amend the Rules.

To

GENERAL SECRETARIAT
17 JAN. 1936
R.A.

M.Venkatesa Iyengar, Esq., M.A.,
General Secretary to the Government
of His Highness the Maharaja of Mysore,
Bangalore.

SIR,

Having regard to past experience in respect of the election of a member from the University constituency to the Representative Assembly and to the Legislative Council, I am directed to address Government as follows on certain points relating to the electoral rolls and the conduct of elections.

2. Rules 18 and 27 respectively of the Representative Assembly Manual and the Legislative Council Manual define the qualifications required of electors in the University constituency subject to the provisions of Rule 15 and 11 respectively. It happens, however, that some registered graduates who are Mysoreans, and occasionally members of the Senate, are resident outside Mysore and would not have resided in the State for six months prior to the preparation of the electoral roll; also some members in the University service who might be on long leave may return to duty less than six months prior to the date of the preparation of the electoral rolls. It appears desirable that in these and similar other cases, members of the University constituency who are otherwise eligible to vote should not on this account be deprived of the privilege of voting. I am therefore to request that as contemplated in the proviso to the Rules 15 of the Representative Assembly Manual and 11 of the Legislative Council Manual, a general exemption from the operation of clause (1) (i) of each rule may kindly be granted in the case of the electors of the University constituency, and the names of all electors qualified under Rules 36 of the Representative Assembly Manual and 27 of the Legislative Council Manual

P. D. 6

University of Mysore.

included in the electoral rolls.

3. Rules 37 of the Representative Assembly Manual and 27 of the Legislative Council Manual direct that copies of the electoral roll published in the Mysore Gazette shall be sent to such of the members of the Senate and registered graduates as have their ordinary place of residence outside the State. As a matter of convenience it has been the practice to send copies to <u>all</u> members of the Senate and registered graduates. It is presumed that there is no objection to such an extension.

4. Rules 38 to 45 of the Representative Assembly Manual provide for the appointment of a revising authority and the revision of the electoral rolls as published. Forms III and IV on pages 129 to 131 of the Representative Mx Assembly Manual relate to the electoral roll of the University constituency for the Representative Assembly. Similar provision regarding the revision of electoral rolls and the prescription of the form of the roll is not found in respect of the electoral roll relating to the Legislative Council. I am to request that, if considered necessary, the necessary prescription may be ordered.

5. Rules 89 (ii) of the Representative Assembly Manual and 64(iii) of the Legislative Council Manual direct that intending candidates shall intimate the fact of candidature in writing to the Registrar. Requests have often been made for printed copies of forms of such intimation. I am to suggest that it would be convenient if a form is prescribed in each case so that printed or typed copies thereof may be supplied to intending candidates on requisition.

6. Rules 89(iv) of the Representative Assembly Manual and 64(v) of the Legislative Council Manual direct that a voting paper and a declaration paper be supplied by post to each elector not residing in the Mysore City, while Rule 89(vi) of the Representative Assembly Manual and 64(vi) of the Legislative Council Manual permit an elector (whether in the Mysore City or

P.T.O.

University of Mysore.

outside) to record his vote either before the Registrar or in the manner prescribed for postal voting. In respect of the University constituency it may be pointed out that a large number of the electors is distributed between Bangalore and Mysore in almost equal proportion and a small number are in the mofussil, and that all the electors are educated and can be expected to observe the rules prescribed regarding the voting. It will be a great convenience if postal voting can be permitted in respect of all voters in the University constituency, whether residing in the City of Mysore or outside, the usual safeguards for secrecy of ballot and for the recording of votes as in rule 91 et seq of the Representative Assembly Manual and 67 et seq of the Legislative Council Manual being provided and the scrutiny of the votes being conducted by the Registrar and two other members to be appointed by the Vice-Chancellor for the purpose.

7. If this proposal regarding postal voting uniformly in all cases is not acceptable to Government, I am to propose in the alternative that voting and declaration papers be supplied by post only to electors not residing either in the City of Mysore or in the City of Bangalore and that the University be permitted to appoint a Returning Officer for the University constituency in respect of voters residing in the City of Bangalore, besides the Registrar who will act as a Returning Officer for the City of Mysore.

8. It has been the practice in the University Constituency to observe in respect of voters in the City of Mysore the same procedure as observed by voters who are supplied with voting and declaration paper by post; namely, they sign a declaration paper, put the voting paper in a smaller cover and the smaller cover and the declaration paper in a bigger cover and seal the bigger cover and put it in the voting box and repeat the process for each election (Representative Assembly and Legislative Council). The procedure is exceedingly tedious and does not

6.2.0

University of Mysore.

appear to be necessary under the rules. If therefore, postal voting in all cases is not agreed to as suggested in paragraph 6, this elaborate procedure in the case of voters recording their votes in person in Mysore or in Bangalore as suggested in paragraph 7 will be given up and each voter will be given after due identification, the voting paper with instructions that he should make the necessary marking and drop it in the voting box without formally putting it in a cover etc.

9. With reference, lastly, to the requirement in Rule 91(i) of the ~~Legislative~~ Representative Assembly Manual and 73(i) of the Legislative Council Manual that electors to whom voting papers are supplied by post "may record their votes before any Amildar, Deputy Amildar, Taluk Sheristedar or Sub-Registrar in the service of the Government of Mysore or any polling officer for any constituency", I am to observe that it prevents a voter not residing in the State though a Mysorean and entitled to vote, from exercising his privilege. It is therefore suggested that in such cases the recording of votes before any recognised magistrate should be considered sufficient.

I have the honour to be,

Sir,

Your most obedient servant,

Registrar.
